GAENARI

Since 1977

Bring sun & nature into your house

We are proud to showcase the latest collaboration between Gaenari and Cecile Gay, artist and designer from South of France.

Patterns and textures were initially fully hand-made by the artist in her studio near Camargue and Alpilles mountains.

This partnership has resulted in the creation of an innovative and stylish collection with plains and semi-plains in a large variety of unique embosses and surfaces.

ARTISAN is an homage to the nature and colors from around the artist studio, with seasonal inspiration. You almost can feel the french mediterranean spirit, with tanned white, deep blue from the sky, warm middle-tones, bright silver-green from the oak tree leaves... all the embosses are playing with the light giving a unique aspect to the surfaces.

By hands, working the raw materials with patience and delicate gestures... the artist is using the french craftsman in its quintessence. All the designs were created keeping the hand-made details from the original artworks : brush strokes, raw threads, plaster and chalky effect, fluid inks... Can you see the hand of the artist ?

Designs shown here will bring an arty touch into your walls, with strong, bold and generous patterns. The plain and semi-plains, easy to combine together will create a Haute-couture decoration, bespoke for your walls.

Design is now not just a simple presentation of a product's appearance but an encapsulation of solution, experience and elements that help fulfill the dreams of customers. The 21st century is known as the leading era for such designs. In this present era, design is not only a cultural issue and code that changes life but it is also part of our everyday lives.
